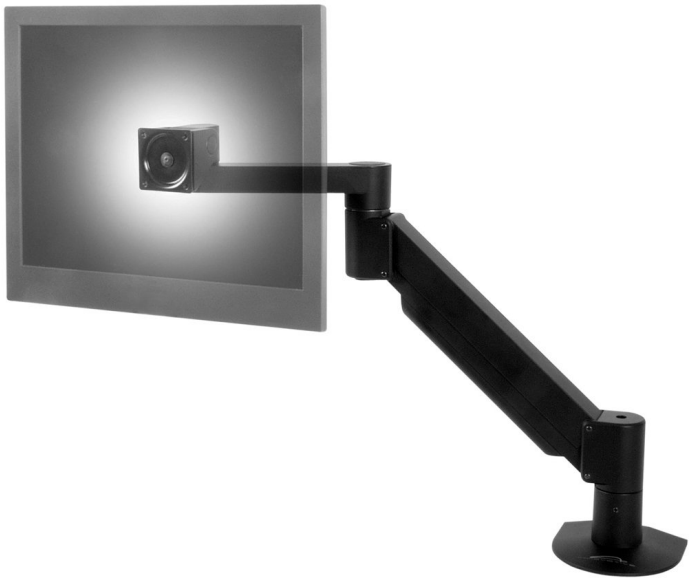
7000 Series

Monitor & Laptop Supports



ergoCentric®

7000 Series Monitor & Laptop Supports accommodate a wide range of monitors.

The 7000 Monitor Support suspends your flat panel above your work surface and allows for quick re-positioning with just one hand. The arm can extend up to 24", with 16" vertical range and the flexibility to tilt the monitor up to 200°. Additionally, the monitor can pivot 90° for portrait to landscape viewing. To maximize your workspace the arm folds flat into 3" of space and is designed with an integrated cable management system to control the cable clutter.

The 7000-T Laptop Support suspends your laptop above the desk where it can be instantly re-positioned for comfortable viewing. Combine with a keyboard and mouse to create an ergonomic docking station for your laptop. It's an ideal solution for workers on the move. Improve productivity while working at your primary desk, then simply grab the computer and go when it's time to leave.
