

upCentric Vertical Wire Management

Vertical Wire Management

Keep your workstation neat and clutter free with the **upCentric Vertical Wire Management** system. Specifically designed to conceal and protect your cables, the **upCentric Vertical Wire Management** system allows you to organize cables and wires by routing them through a flexible plastic "spine" from your workspace directly to the floor, eliminating visual distractions. The lightweight system integrates perfectly with the upCentric electric height adjustable desks making it a seamless fit.
